mr. BINGHAM—As at present advised we have no purpose of the sort. We do not know what may occur in the progress the following: New ORLEANS, April 18.—The election yesterday and to-day, passed off qui-tly in this city, notwithstanding violent intimi-dation on the part of rebels. Hancock's 1775, relative to draiting a commission for Board of registry, and the Commissioners of Election appointed by them, are nearly all rebels, and have resorted to every subterfuge to prevent the colored men from Washington as General-in-Chief, and its tice of that Department in making ad voting. Innumerable frauds have been reported from nearly every voting precinct interim appointments.

Postmaster General Randall was recalled in the city. We have polled a large ma-jority for the Constitution and for all the Republican candidates, but as the Comand produced a copy of the indictment of nissioners of election are in most instance noted rebels, fraud is being resorted to in counting the ballots, which will greatly reduce our legal majority. The State will evertheless give twelve thousand majori what the managers proposed to prove,

Partial returns from nine districts give 15.636 for the Constitution and 5,749 against it.
